

From **Blanc Slate** to Beautiful Home

Designing or renovating a home is exciting – and also time-consuming, stressful, and expensive. Many of us go into the process starry-eyed, but soon have a rude awakening as to just how hard this endeavor can be. That's where Blanc Slate comes in.

Rooted in years of experience working closely with architects and builders, Blanc Slate understands the pain points of construction and design. We listen closely to your needs, and craft a thoughtful, cohesive, and realistic plan that translates your vision into real, easy-to-purchase items, while supporting you throughout the process.

How does it work?

We determine your needs and establish a 4-8 week time frame for the project, depending on whether you are designing a single powder room or an entire home.

What's included?

1. Flooring specifications, including directional layout for installation, wood, tile, or other material
2. All tile selections and transitions
3. Appliance suggestions (sizes)
4. Cabinetry material, color & hardware
5. Door profile inspiration for millwork, stone, counter/island, and/or backsplash, edge detail
6. Grout color/brand (if using tile)
7. Plumbing selections and specifications
8. Material sample packages

Process

PH I
Week 1

INITIAL INQUIRY & ZOOM MEETING

Client reaches out to Blanc Slate; Blanc Slate team member Zooms with client to hear more about the project and explain our process; contract is issued to client and returned to Blanc Slate.

PROJECT KICK-OFF

Within one week of signing the contract, the Blanc Slate team and the client will have a Kick-off Zoom, during which they will play a “This or That” game that provides an idea of the client’s vision for their home. At this time, the client also shares architectural plans, inspiration photos, and photos of existing house conditions through our online portal.

PH II
Week 2-5

DESIGNS

The Blanc Slate team spends the next three weeks designing the client’s home. During week four, Blanc Slate ships samples and design boards to the clients so they can see and interact with the materials.

PH III
Week 6

ZOOM FEEDBACK

You provide feedback on the selections, including requests for any changes and an understanding of what you like and why.

PH IV
Week 6-7

FINAL APPROVAL

After a short revision period, Blanc Slate delivers its final design.

PH V
Week 7-8

FINAL DELIVERABLES

Blanc Slate delivers nationally available items, with links that make it easy for you or your builder to purchase, as well as a full FFE schedule.
